RoHS – Declaration of Conformity

Dear Sirs,

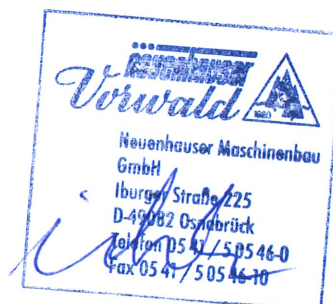

We hereby confirm and assure that all goods delivered by Neuenhauser Maschinenbau GmbH meet the requirements of Directive 2011/65 / EU of the European Parliament and of the Council of July 8th 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS) in their currently valid version.

The necessary documentation to meet the minimum legal requirements according to European Directive 2011/65 / EU are drawn up by us and kept ready for inquiries from the market surveillance authorities, or we have obliged our suppliers to do so. The verification under this Directive is based on harmonized standards, provided these are in the Official Journal of the European Union to be named. If this is not the case, we will name the test bases used if necessary.

The current version of the directive from the European Union in Brussels is available at <http://europa.eu> (further search according to the guide).

Best regards,

Neuenhauser Maschinenbau GmbH
